Project Description: (please use a separate page if necessary)

The project consists of a cannabis dispensary with delivery services and a lounge for onsite consumption of cannabis products as well as a variance for parking due to the historical available parking on the existing site not being able to conform to current parking requirements. The project will be located in the eastern rebuilt suite of an existing three (3) suite commercial building. The front of the suite will contain the dispensary with sales counters and the lounge area being located in the rear allowing customers to sit and consume their purchases on-site.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
